Call for Sponsorship

We offer to increase the corporate visibility by positioning your organization as one of the exclusive corporate sponsors of CHEMREACTOR-19. This meeting continues a series of CHEMREACTOR conferences that are held biennially in big scientific centres of Europe. The conference usually brings together about 250 specialists in the field of Chemical Engineering from academic circles and famous companies. It is traditionally devoted to the fundamental aspects and practical application of catalytic processes and chemical reactors, as well as to the development of novel technologies.

Your sponsorship strengthens the exposure to the highly targeted service-provider audience as well as positions of your organization as a market leader. It provides a great opportunity for companies and industry representatives to present their products and solutions to an audience who is involved in advancing the state of the art.

Sponsorship opportunities are detailed below. You may choose the General, Brilliant, Gold or Silver Sponsorship.
