SCIENTIFIC TOPICS:

- Mathematical methods.
- Surface and internal waves. Stratified flows.
- Fluid-structure interaction.
- Wave motion of thin films. Thermocapillary convection.
- Phase transitions in moving media.
- Processes of interphase interaction in heterogeneous systems.
- MHD and EHD flows with a free surface.
- Technological applications.

ABSTRACT SUBMISSION, ONLINE REGISTRATION:

Authors should submit an abstract in English **before March 11, 2014**. The abstracts of all selected papers will be published in English and Russian in the Conference Book of Abstracts. The publication of the full papers is not planned.

Abstracts should be prepared in LaTeX according to the example, which should be downloaded from the Conference WebSite (see section “Abstract submission”). Please e-mail the compiled variant of your abstract in PostScript or PDF format along with the source LaTeX file to the Secretary of the Organizing Committee before the established deadline.

Abstracts should not exceed one page in length (excluding the information about authors). The first line should contain the title, the second line should contain authors' name(s). Any redefinition of standard commands is strictly forbidden. Also, please do not use any macrocodes and non-standard style files. In case you experience serious difficulty with preparing an abstract in LaTeX format, you can submit it in text format (*.txt), but in this case no formulae should be used.

Together with abstract submission it is necessary to **register online** in section “Registration/Login” at the Conference WebSite. Registration will be closed on March 12, 2014. Abstracts submitted by e-mail with no registration

of the author will not be accepted by the Organizing Committee. There's a possibility to submit an abstract together with the registration (upload the file with abstract in the corresponding field).

Notification of acceptance will be sent to authors not later than May 1, 2014. Conference Program and Book of Abstracts will be given to participants upon arrival.
